DTAC DE0200B INSTALLATION

HOW CAN DTAC HELP?

DTAC are a vertically integrated business that designs, installs and maintains their products to the exacting codes and standards of the applicable regulatory body. We have a team of trained personnel all of whom are experienced in the requirements of the relevant standards and codes.

We can help:

Interpret and apply the relevant standards and codes applicable to your project

Design a solution to your project requirements

Manufacture and install products on site

If you have any questions in relation to the DTAC range, DTAC is ready and able to assist you in getting it right. Email a DTAC representative at solutions@dtac.com.au or for a friendly voice you can call 1300 793 478.

THE DTAC DIFFERENCE

When using DTAC products and services, you can be assured that:

- ✓ Products and solutions are designed to meet or even exceed certification and Australian and New Zealand Standards requirements
- ✓ Consultative support including layout and compliance services are provided throughout the life of the project including NCC interpretation
- ✓ DTAC manage the entire project from design and manufacturing to installation using our team of accredited professionals
- ✓ DTAC strive for excellence in design and craftsmanship but also back our products by warranty
- ✓ DTAC is part of the Raven Group of companies ensuring the highest quality products and services

DTAC STAIR TREADS & EDGING

DTAC's PEMKO® range of stair treads and edging have transformed the manner in which you can detail a stair edge, nosing or connection. Completely retro-fittable, the DTAC edging series provide a practical and aesthetically pleasing approach to prevention and protection.

With several designs and finishes available, our range of stair edging provides a flawless finish with compliant solutions to detailing a stair edge.

FEATURES & BENEFITS

Available in exclusive premium quality flat or angle profiles finished in hard anodised aluminium to suit all applications

Suitable for all stable finished surfaces and substrates

Designed to comply with AS 1428.1 Design for Access and Mobility Part 1: General Requirements for Access – New Building Work

Tested for compliance with luminance and slip resistance requirements

Backed by 2 year warranty
